

Kauffman Farm

Clark and Debbie Kauffman

Kauffman Farm of Filer, Idaho, connects consumers with healthy food products directly from our farm and from other Idaho producers. We grow hulless barley (which goes into our soup mix), corn, pumpkins, squash and horse-quality hay. We also market barley straw.

We value impeccable customer service, teamwork, integrity and honesty, continuous improvement, quality and love of God, neighbor and community.

"Northwest Farm Credit Services is a great community partner." -Clark Kauffman
