

Farm Credit supports rural communities and agriculture with reliable, consistent credit and financial services, today and tomorrow. We are a nationwide network of customer-owned financial institutions that provide loans and financial services to farmers and ranchers, farmer-owned cooperatives, rural homebuyers, agribusinesses and rural infrastructure providers.

OUR OFFICES

As customer-owned cooperatives, the net income Farm Credit institutions generate can be used in only two ways: retained within a Farm Credit institution as capital to build financial strength that ensures continued lending or passed to customer-owners by way of patronage (cooperative dividends).
