

Farm Credit supports rural communities and agriculture with reliable, consistent credit and financial services, today and tomorrow.

Deep Roots in Rural America

Farm Credit is a nationwide network of customer-owned financial institutions that provides loans and related financial services to U.S. farmers and ranchers, farmer-owned cooperatives, rural homebuyers, agribusinesses and rural infrastructure providers.

As customer-owned cooperatives, **Farm Credit institutions are governed by the customers they serve and have a specific mission to support rural communities and agriculture - in good times and bad.** Farm Credit loans help U.S. agricultural producers feed the world, rural businesses grow and the rural economy thrive. Our infrastructure lending helps bring clean water to rural families, modern telecommunications to help rural businesses compete and reliable energy to rural communities.

Farm Credit's mission remains just as vital today as it was when we made our first loan more than 100 years ago. For more information about Farm Credit and how we support rural communities and agriculture, please visit www.farmcredit.com.

Agriculture

Serve approximately **46 percent of agriculture's credit needs**, including for climate smart and regenerative ag practices.

Rural Communities

Support development of rural infrastructure, including water, broadband, telecommunications, electricity and transportation across the country.

Reliable & Consistent

Provide a **steady source of capital** needed to support customers through good times and bad.

Today & Tomorrow

Lead the way in providing credit to **young, beginning and small** farmers and ranchers.

Support

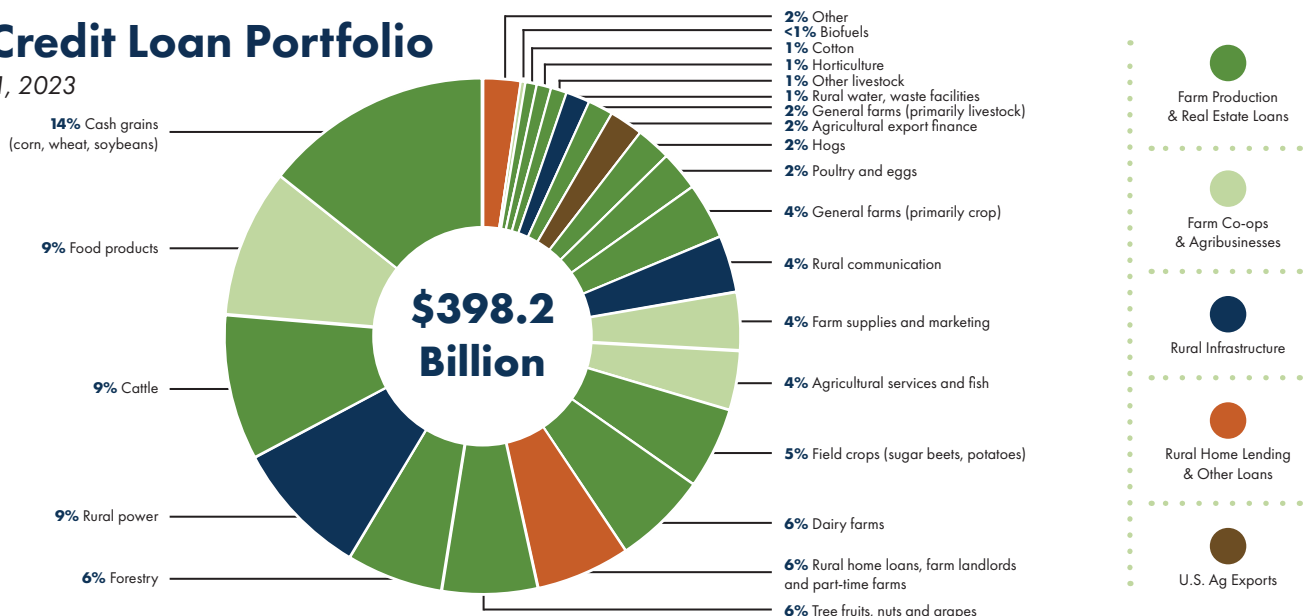

Make loans to more than **600,000 customers**, including farmers, ranchers, farmer-owned co-ops and agribusiness in every state. Also finance exports of U.S. agriculture products.

Credit & Financial Services

Make loans for agriculture real estate and home mortgages, farm operating, equipment purchases, agribusiness operations, U.S. agricultural exports and infrastructure construction and operations. **Provide financial services**, including farm record-keeping, crop insurance, credit life insurance, tax-preparation and more.
